**SAVED INDUSTRY WIDE USING
RESCUE-PAK** IN THE YEAR 2001 ALONE

How much did your company lose this year in rejected loads of concrete?

The concrete admixtures in Rescue-Pak let you retard the set, change the slump, add air or increase pumpability at the job site when you need it. Our admixtures are packaged in unique water-soluble bags and meet all applicable ASTM standards.

RESCUE-PAK, DON'T LEAVE THE PLANT WITHOUT IT!
