

THE BEST PUMP PRIMERS: FASTER TO DISSOLVE, HIGHER VISCOSITY & THE ENVY OF THE COMPETITION...

DON'T BE FOOLED. All concrete pump primers are not the same. The competition keeps trying, but nothing can equal the performance of Slick-Pak and Slick-Pak II. They have at least twice the viscosity and take half the time to dissolve compared to our nearest competitor. In fact, the competition's product breaks down when in contact with concrete – and we have the data to prove it! *Call today for the complete report on pump primer testing.*
