

LIQUID!

Fritz-Pak's NEW product, Slick-Pak Liquid, is revolutionizing the concrete industry. Pump priming has never been faster or easier than opening a bottle of Slick-Pak Liquid and mixing with water. A small container can be stored anywhere in your pump for quick on the job application. Slick-Pak Liquid does not contain bentonite, soaps, cellulose, chlorides or air entraining agents.

And as with all Fritz-Pak admixtures, you know you can rely on the quality and reliability of the product.

Fritz-Pak ... concrete admixtures for quality that works!
